

# Inspection Policy

---

Karson Builders Ltd. has implemented this policy to control losses of human and material resources by identifying and correcting unsafe acts and conditions. Karson Builders Ltd. will maintain a comprehensive program of safety inspections at all facilities and job sites suitable to the conditions listed in Occupational Health and Safety Code. The manager is responsible for the overall operations of the program, superintendents are responsible for directing formal inspections on job sites as well as involving the workers in inspections. Inspections are to be conducted monthly on each job site to ensure safety is priority, and all those on our job sites are working under safe conditions. The workers on our sites are also responsible for participating in and contributing to the Inspection program.

Note: Deficiencies are to be corrected as they are identified, if they cannot be fixed before resuming work on the site they must be listed and recorded.

The information in this policy does not take precedence over applicable government legislation, with which all employees should be familiar.
